OVERVIEW

FMS170Z系列直
50kg。主要

In the point-to-point motion control scenario, Feinixs developed FMS170Z series linear motor long travel stages for application scenarios requiring heavy load, high precision and high speed. With iron core linear motor drive, the FMS170Z has great continuous force and a load capacity of up to 50kg. It is mainly applied to the bottom axis of multi-axis system, so that the system can reach the specified station quickly.
