

OVERVIEW

FMS80R FMS80VR 。FMS80VR

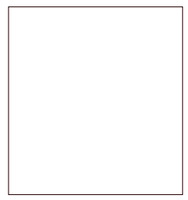

-196 ~ +250℃

10^{-3} Pa 的真空 10^{-7} Pa

Based on the FMS80R series, we have designed the FMS80VR series

TYPICAL ASSEMBLY

It can be flexibly combined into multi-axis motion system,Contact for more information

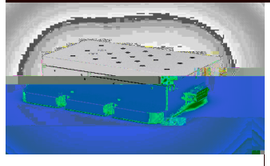

ERROR CURVE

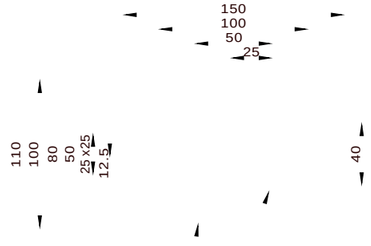

Each Stage is Tested with a Laser Interferometer. Product Identification and Traceability.

HARDWARE CONNECTION

DIMENSIONS

FMS80VR-30

FMS80VR-50
