

产品简介 OVERVIEW

FMC-JK03 FMC01/03/04-H

The FMC-JK03 three-axis motion control handle is small in size, simple in operation and rich in functions. With FMC01/03/04-H series high-performance controller, it can quickly control the motion of all kinds of Feinixs' stage. It is widely used in precision machining, microscanning, fiber coupling and other scenarios.

产品参数 SPECIFICATIONS

Model	FMC-JK03
Motor Type	/
Axies	03
Loops(Open/Close) (/)	/
Function of Motion	P to P,Homed
Pulse Frequency	/
HMI	/
Hand Wheel	/
Communication Port	RS485
